noon. There were no injuries. No livestock were lost and there was no damage to buildings.

## Grass Fire Blackens Canyon Pasture Area

### Buildings, Cattle Saved From Blaze

Fanned by a 35 mile wind, flames roared across 700 acres of pastureland south and east of Canyon Tuesday afternoon. Several homes and other structures were threatened but none were damaged as Canyon volunteer firemen battled the blaze for more than three hours.

### C Of C Posts To Be Filled

Eight candidates for four vacancies on the Canyon Chamber of Commerce board of directors were named Monday night at a regular board meeting.

The eight include Art Roberts, owner of Roberts Welding Shop; Charles "Chuck" Allen, vice-president of Canyon First National Bank; Dale Killingsworth, owner of Radio Appliance; Dr. Leta Boswell, a physician at Neblett Hospital and Clinic; Gene McGlasson, Canyon attorney; H. L. Cook, mathematics department at West Texas State University; Charles Brasher, Brasher Oil Company; and Dr. Burwell Southern, optometrist.

Retiring from the board are H. R. Fulton, Jr., W. A. "Bill" Wilson, R. E. "Barney" Barnard, and Bill Davis.

Ballots are being mailed to members this week and are to be returned to the Chamber of Commerce office by Dec. 15. George Dowlen read revised Chamber of Commerce by laws. The by laws will be read at a meeting of the membership the second Thursday in December and will be voted upon. Time and place of the meeting are yet to be announced.

Speaker for the annual Chamber of Commerce Banquet was announced. He is Walter Blaney, Houston, self-styled Texas ambassador of goodwill.

blaze for more than three hours.

Fire Chief Jack Jennings said that had the flames leaped a country road east of the R. A. Burrus place, some two sections of soil bank land would have gone up in smoke.

Jennings said the fire started in the R. B. Allen pasture about 2:30 o'clock and raced north-eastward from the point of origin. Some 25 volunteer firemen and several farmers battled the fire.

The blaze was brought under control about 5:30 o'clock. (See BUILDINGS, Page 7)

### Kiwanians Take Ku-Ku

It will be Kiwanis Day at the Ku-Ku Burger Tuesday when members of Canyon Kiwanis Club take over the drive-in for the entire day.

The Ku-Ku Burger extends an offer annually to a service club in the community to take over the business for a day, dividing profits evenly between the establishment and the club.

"The drive-in is new in Canyon," said Kiwanian George Blackwell, "and we were very happy when they offered this idea to us."

Approximately thirty Kiwanians will work in three shifts during regular business hours of 11 a. m. - 11 p. m. The service club will use its half of the proceeds in general projects during the year.

Manager of the Canyon Ku-Ku Burger is William Cooper.

### Appreciation Days To Begin December 4th

Canyon merchants will give three prizes of \$130 each in Merchants Appreciation Day gifts on each of three Saturdays beginning Dec. 4.

In charge of Appreciation Day activities is Benny Cooper, chairman of the retail merchants committee of the Canyon Chamber of Commerce.

The gifts will be given at 3:30 o'clock each of three Saturday afternoons on the east side of the court house.

The gifts will be in the form of certificates which may be redeemed in merchandise or services only with participating merchants.

In addition to gift certificates, eight turkeys will be given away each Saturday.

### Businesses To Observe Holidays

Today, November 25, has been announced as a closing holiday by the Retail Merchants committee of the Canyon Chamber of Commerce.

In accord with this, most Canyon businesses will be closed in observance of Thanksgiving.

Panhandle-Plains Historical Museum will observe holiday hours of 2-5 p. m. today, Thursday.

County and city offices will be closed all day Thursday as will the First National Bank of Canyon. The Randall County offices, City Hall and the First National Bank will resume regular business on Friday.

Thanksgiving holidays have included the closing of both public schools and West Texas State University in Canyon.

Both facilities were closed following classes Wednesday, November 24, and will open with regular schedule of classes Monday morning.

For the Christmas holidays, Canyon Public Schools will (See BUSINESS, Page 7)

### Let Loop Contract

A contract for 3.392 miles of construction on Loop 335 in Randall County has been awarded to an Amarillo firm, according to an announcement in Austin by the State Highway Commission.

Cooper & Woodruff, Inc., submitted the low bid of \$427,464.70 on the project which includes grading, structures, base and two course surface treatment, and a railroad overpass. The segment of the loop extends from the Expressway south of Amarillo east to Farm (See LET, Page 7)

### First Freeze Is Reported

First killing freeze of the season was reported Monday morning.

According to Dr. M. B. Measamer of the geography department at West Texas State University, the thermometer registered a low of 29 degrees early Monday.

This is an extremely late date for the initial freeze here.

## SBD Center For County Given Court Sanction

Randall County commissioners Monday voted unanimously in adopting a resolution authorizing George S. "Pinkey" Vineyard of Amarillo to establish a Small Business Development Center to serve Randall and Potter Counties.

A similar resolution already had been passed by the Potter County commissioners court.

The center is to be established under provisions of Title IV of the Economic Opportunity Act of 1964 as a part of the Anti-Poverty Program.

Vineyard was an executive with the Borden Company and

then was in business in Pampa before becoming a sales and management consultant in Amarillo.

Other members of the committee, which later is to be expanded to 30 or 40 members, include O'Brien Thompson, representing the city of Amarillo; George Ritter, city of Canyon; J. W. Collins, Amarillo school district; A. W. Lair, Canyon school district; Harvey Cliver, Potter County; and B. R. Jones, Randall County.

Purpose of the Small Business Development Center, as set forth in a pamphlet handed

out by Vineyard, is to provide screening and management assistance required for Small Business Administration to make Economic Opportunity Loans.

Under provisions of the act, SBA will make loans to persons with very low incomes who want (See COMMISSIONER, Page 8)

### County Due Elections Next Year

Eight county offices come up for grabs next year.

They include the offices of Justice of the Peace of precinct 4, commissioner of precinct 2 and precinct 4, district attorney, district clerk, county clerk, county treasurer and county judge.

W. W. "Shorty" Hancock next year will be completing his first term as justice of the peace. He was elected to that office in 1962.

Clarence Beckman, commissioner of precinct 2, is the dean of county officials. He became county commissioner in 1936 and has held the office since. Bill Butler, commissioner from precinct 4, is the lone Republican serving in county office. (See COUNTY, Page 7)

### Furor Over Fiery Cross

A Canyon youngster Friday told police he burned a cross in front of the David Matthis home Thursday night of last week as a prank.

The youngster, who officers said is a friend of the Matthis family, said he had intended to tell of the prank later after "having some fun out of it."

He came forward after a furor was raised in the community over the cross burning.

City police, a Texas Ranger, Randall County Sheriff's Department and officers of the Federal Bureau of Investigation figured in the probe.

## New Season Begins For Local Hunters

Hunting season is here. Quail season opened Nov. 13 and continues through Jan. 31. The same dates apply to deer and turkey season.

In five counties in the southeast part of the Panhandle, quail season does not open until Dec. 1. Closing date is also Jan. 31. These counties are Hall, Briscoe, Cottle, Motley and Childress.

Game Warden Stanley McDonald said the quail hatch has been good, especially in the

Canadian area.

Aoudad sheep season opens Dec. 10 and closes two days later Dec. 12. Hunting of Aoudad sheep is by permit only.

McDonough said turkey season will do hunters in Randall County very little good. There is only one flock of wild turkeys in the county and they are being closely protected.

turnout was reported following the program of comedy, folk and jazz which was presented at West Texas State University.

While competition was strong from numerous area high school dances and other schedule conflicts, an estimated total of 1600 persons attended the show. Exact figures will be released when a thorough ticket count is made, said Jerry Webb, president of the sponsoring WTSU Student Union Board.

The enthusiastic response prompted the board to announce

### Police Car Is Damaged

Two West Texas State University students were arrested Tuesday night as an aftermath of a wild chase at speeds in excess of 100 miles an hour that ended in the wrecking of a Canyon city police car.

### Couple Takes Prizes

It was family day Saturday for Mr. and Mrs. Troy Burgess, who tied in the football contest.

The three tie-breakers were used to name Mrs. Burgess the winner of the \$10 first place prize, while Mr. Burgess will receive the \$5 award as second place winner. The couple lives at 1904 Seventh Avenue.

The contest is a weekly one conducted throughout football season.

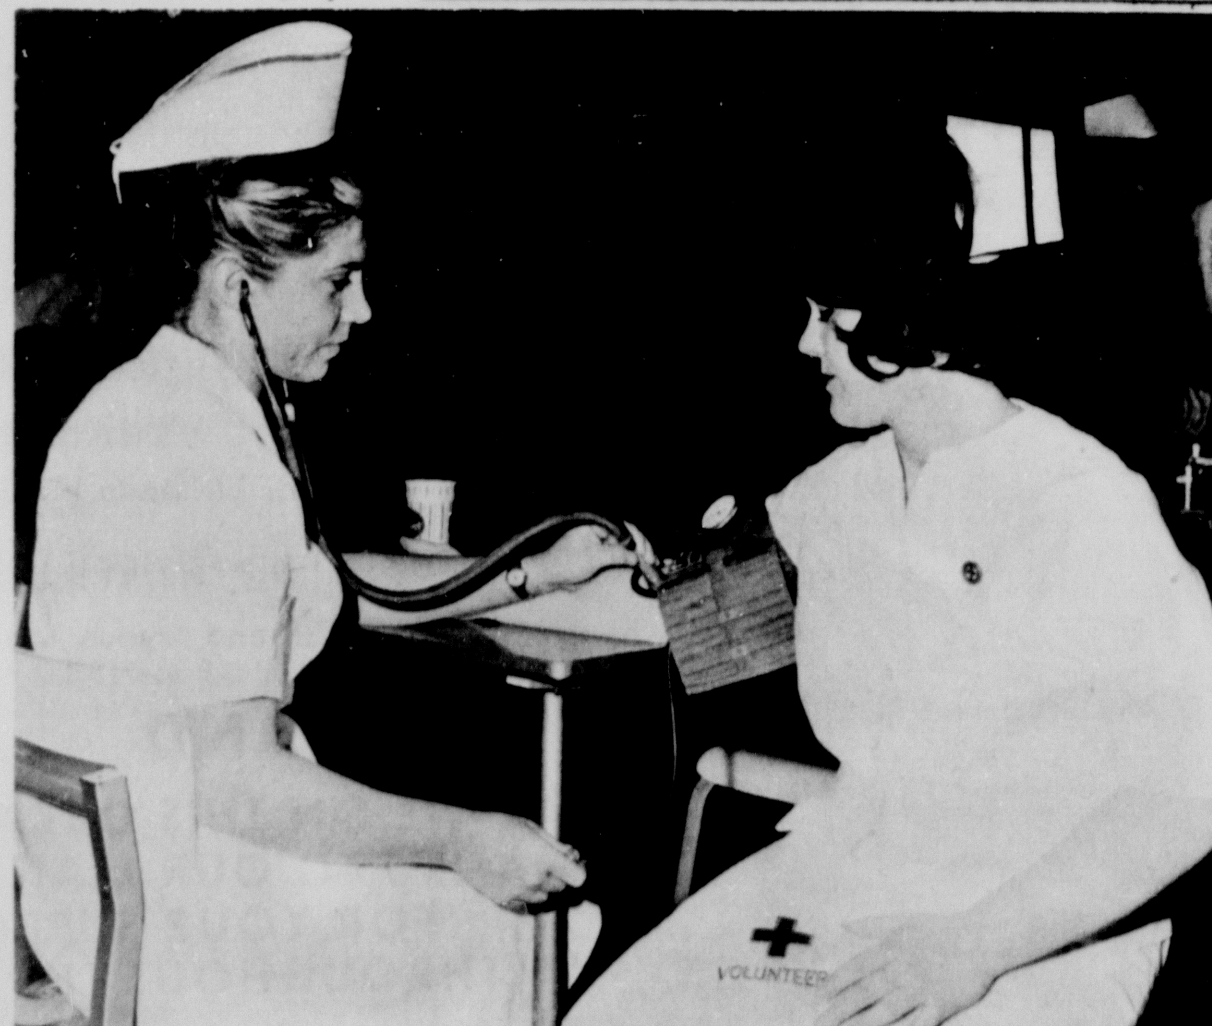

### Quotas Get Producer Approval

Randall County cotton producers Tuesday approved cotton marketing quotas by a vote of 59 to 12.

Producers voted 43 to 28 against a permitting transfer of cotton allotments by sale or lease outside the county.

Donald Lloyd, Randall County ASCS office manager, said Randall County has about 3,000 acres of cotton allotment.

No information was available at press time on the outcome of the referendum across the cotton producing portion of the nation.

VOLUNTEER CAUGHT UP in the enthusiastic response to last week's Bleed-In at West Texas State University was Dianna Meyers of Amarillo. Termed the most successful college drive, in terms of percentage of students participating,

the West Texas State University project brought 465 pints of blood to the Defense Department. Nurse pictured with Miss Meyers is Mrs. Barbara Viterius.

## CANYON RIM

Wes Kleinschmidt was passing out lapel flags and pledge cards this week.

The lapel flag, an American emblem, was handed out by the millions across the country by Legionnaires. Wes said this is the Legion's answer to draft card burners, draft dodgers and Viet Cong sympathizers.

The following inscription appears on the card.

"Americans are serving the cause of freedom in Viet Nam. I wear my country's flag to show that I support their efforts."

I was heartened by the attitude of West Texas State University students who in an overwhelming majority have supported their country.

I cite the bleed-in of last week which provided 465 pints of blood for our soldiers in Viet Nam.

Apologists for the Berkeley riots have repeatedly denied that the riots were communist influenced. One young woman who was a ring leader at Berkeley has since openly declared her attachment to the reds.

It should have been easy to guess anyway because her father is a high-ranking red in this country.

Weeds of treason do not often blossom unattended. Seldom will a teenager turn suddenly upon his country unless he has encouragement to do so.

## Letter To The Editor

Mr. Martin,

On this day, the anniversary of the MURDER of our late beloved President, John F. Kennedy, I feel compelled to write to you.

One would have thought perhaps you and other hate mongers like you would have learned a bitter lesson and changed your ways. But No! You are still on your soap box preaching hate and dissension against our President and our government policies.

Wasn't one such tragedy enough? Haven't you learned that if you preach hate often enough with your pen and paper that some maniac will carry through with your policy.

You call yourself a Christian but Christ came to this earth to teach Love, Understanding and Humility but evidently Mr. Martin you don't have the intelligence to comprehend this.

I know you will label this letter as having come from a

crackpot because you think no one has the right to be right but you! You see yourself in quite a different light than the rest of us see you. You are wrong Mr. Martin. Shamefully Wrong. That Black Day in Dallas should have taught you how wrong you were.

God Bless Our America and Our Leaders, that we may always be strong enough to oppose and overcome the hate that is being spread in our great land by people such as you.

Print this in your paper Mr. Martin so people can see there are some people here in Canyon that don't hold with your hate everything policy.

(Editor's Note: Ordinarily I do not print unsigned letters. However, I make an exception in this case. Now isn't the writer a spreader of brotherly love? And isn't he a gutsy fellow? Also, he has probably forgotten that the man who killed President Kennedy was a communist who "had great admiration for the Soviet." TFM)

# Buffaloes To Wind Up Season Against Miners

BY ART ALBRACHT

It's bombs away when the Buffaloes of West Texas State University close out the season against the aerial minded Miners of Texas Western in the Sun Bowl Saturday at 3 p. m. CST, in El Paso.

Texas Western is capable of swamping the Herd with its explosive pro passing attack led by quarterback Billy Stevens. Both teams enter the game with identical season records of 6-3 against comparable schedules. WTSU has lost three of its last four football encounters while the Miners are on a two-game winning streak.

The Miners were the big surprise of the football season. After losing eight and tying two in 1964, Texas Western rolled to four straight victories to open the 1965 season. Of course, WTSU was far from dull as the Herd raced to five consecutive wins after a 4-6 mark in 1964.

In the opening game against North Texas State, the Miners romped 61-15 and shocked the Eagles with 500 yards of passing offense. Stevens set a new one game passing mark with that total of 500 yards and receiver Chuck Hughes also set a new NCAA mark with his single game receiving total of 349 yards.

Stevens has fired the pigskin for 2,677 yards and 19 scoring shots. One touchdown came in the last 16 seconds against Utah.

The Miners trailed 19-13 at the time of Stevens scoring shot against Utah. Flankerback Chuck Hughes took the aerial from Stevens and raced into the end zone for the tying marker. The play covered 92 yards and won the game to give the Miners their fifth victory. Texas Western filled the airways with footballs again last Saturday, when it blasted once beaten Xavier 57-33.

Stevens fired for four touchdowns, three to honorable mention NEA All-America receiver Hughes. The 5-11, 170-pound Hughes has taken 73 passes for 1,456 yards and nine tallies. Sure handed offensive end Bob Wallace, a 9.8 speedster weighing 222 pounds, also has grabbed his share of aerials. Wallace has scored eight counters while catching 43 passes for 812 yards.

Now the Miners have added a new weapon to challenge the Herd defense. After the first team fullback Dick Weeks was injured on the first scrimmage play against Xavier last Saturday, the Border Bandits installed fullback Don Davidson. The 215-pound runner then proceeded to ramble for 119 yards in 23 carries, making it even easier for Stevens to toss his aerial bombs. Davidson, apparently will keep the Buffs pass defense from rushing Stevens consistently, which is what the passer needs to succeed in passing.

Davidson's rushing total of 119 yards was easily the best rushing effort of the season by any Miner rusher. As if two excellent receivers aren't enough, the Miners have another in right end Chuck Anderson who has caught 29 passes for 406 yards.

Texas Western losses have come at the hands of rugged Wyoming 14-38, Arizona 3-10, and Arizona State 20-28. The loss at the hands of Wyoming was the first of the season for Texas Western. WTSU played three of the same teams the Miners have challenged and has come out with the same record as Texas Western. The Buffs edged ASU 22-14 while the

## Appreciation Tea Features Exhibits

Fourth grade students at Rex Reeves Elementary School held a "teacher appreciation tea" Thursday afternoon of last week.

The class instructed by Mrs. Patricia Hall played host for the afternoon occasion which included various exhibits depicting foreign countries the group had studied about.

First place exhibit was the "Nile", made by Jana Burton, Nancy Oglesby, Paul Griffon and Kim Tate.

"Congo," made by Randy Middleton, Denny Bryan, and Cindy Stockton took second place in the contest.

Terry Stewart, Wayne Pitt and Allen Wright constructed the third place winning exhibit, "Greece".

A number of teachers judged the contest exhibits for originality and purpose. Other exhibits displayed were Switzerland, Holland, Norway, Iceland, Italy, Spain, and a science project.

The fourth grade pupils, Mrs. Hall and student teacher, Claudia Call were host for the occasion and a number of parents and teachers visited the exhibits.

An arrangement of bronze and gold mums, flanked by candles, centered the refreshment table. Assorted cookies and punch were served by a student dressed in a Pilgrim girl's costume.

Guests were greeted at the door by a student costumed as a Pilgrim lad.

Mr. and Mrs. A. W. Harding were in Dumas last week end to visit with Mr. and Mrs. Roland D. Liemer and Mike Slagle.

# Tulia Hornets Sting Canyon Eagles 42-12

BY JON LAIR  
The Canyon Eagles closed out their 1965 football schedule suffering a 42-12 loss at the hands of the Tulia Hornets.  
The Eagles did as well as could be expected against the highly touted Tulia eleven.  
The Eagles compiled 14 first downs as compared with eleven for the winners. The Eagles also completed seven out of nineteen passes for 70 yards compared with 42 for the Hornets but the Hornets won where it counts and that's on the scoreboard.  
The Eagles closed out their season with a 3-7 record. The Hornets opened the scor-

ing when Tommy Shepherd went in for the score on a nice 33 yard run. The kick was good to give the Hornets a 7-0 advantage with 10:38 still left in the first quarter.  
Later in the same quarter Shepherd again circled end on a five yard scamper. Danny Cook kicked the point which left the Hornets a comfortable 14-0 margin at this point.  
The Hornets next drive began at the Canyon 27 yard line. Just six plays later they cashed it in for a score on a two yard plunge by Fred Howell. Bruce Winn blocked the extra point kick leaving the Hornets with a 20-0 edge with only a few seconds

remaining in the first quarter.  
The Eagles got the ball on a pass interception by Tom Lair at the 30-yard line. They moved rapidly down the field to score on a 20-yard Lair pass to Joe Moore.  
The conversion attempt was no good leaving the Hornets a 20-6 margin with only 3 minutes left in the half.  
The Hornets came back strong and scored again quickly. The kick was good giving the Hornets a comfortable 27-6 half time lead.  
The Hornets' sting was even more deadly than ever after the intermission. They scored in quick order on a 44 yard run by Cook. The kick was good and the score was 34-6 in Tulia's favor.  
The Eagles moved the ball to the Tulia 1-yard line and from there Lair went over to score. The scoring play was set up by Joe Moore running and passes from Lair to Larry Robinson. Attempted conversion failed.  
The Hornets drew blood one more time and that in the fourth quarter. Fred Mowe ran four yards for the TD and then Dennis Hardy ran four for the two-point conversion.  
The curtain rang down on the Eagle football season with a score of 42-12 in favor of the Hornets.

Quarterback Tom Lair (11) keeps the ball. Running interference is Tommy Thompson (25). The lad on the ground is Danny Cook (44) Hornet halfback.

# Cowhands Trip Nazareth Team

Happy made use of two Nazareth mistakes in the fourth quarter to upset the favored Swifts 15-13, in Cowboy Corral last Friday.  
Nazareth led going into the final quarter 13-0 but the Cowboys scored a pair of touchdowns and three extra points, to walk away with their fourth district game against two losses. The win over the rival Nazareth Swifts closed out the Cowboys season and put the finishing touches to a successful season.  
For the second straight year, the Cowboys beat the Swifts in the final minutes of the game and both victories have come by two points.  
Nazareth opened up with 13 points in the second quarter but that was all the scoring the Swifts could produce against the rugged Cowboys defense. One Nazareth scoring tally came on a 25-yard aerial to quarterback Marvin Hoeltgen and the other on a one-yard plunge by Gerald Brockman.  
The Cowboys intercepted a Hoeltgen aerial to set up the first touchdown. The Swifts had been driving toward the Happy goal, when the big interception came at the Cowboy 40. After returning the interception to the 50, the Cowboys moved for their first touchdown in just three plays. Quarterback Randy Johnson hit halfback Gary Culp

for the marker on a five-yard pass play. Johnson slammed in for a pair of extra points.  
After a Nazareth punt, the Cowboys were on the move for a go-ahead touchdown only to have Nazareth intercept at the one-yard line. Happy, however, got the big break it needed when the Nazareth quarterback fumbled at the three. Johnson slammed over right tackle from the three on the first down, putting Happy out in front to stay. Culp booted the conversion point good and the Cowboys had their two-point lead.  
A desperate try for a last minute game saver by the Swifts fell through, when the Cowboys intercepted a pass and ran out the clock. Six Happy seniors saw action in their last high school football game and did so gloriously with the big victory.  
The Happy win over Nazareth kept district 1B from being a three-way tie. If the Swifts had won, the district would've been a tie among Vega, Bovina and Nazareth. Bovina upset highly touted Vega 8-6 and by virtue of its win over the team it tied, Bovina represents the district in a bi-district clash against Sundown today.  
Mrs. Mary Le Blanc visited recently in Livermore, California, with her son, Richard Le Blanc, and family.

# Buffalo Cagers Girding For Basketball Season

Coach Jimmy Viramontes uncaged his varsity cagers last week in the annual Hall of Fame Game in the Field House at West Texas State University.  
A slim crowd of about 200 fans watched the varsity basketballers take on the freshmen in two ten minute scrimmages. The first team varsity also battled the second team composed of several regulars and ineligible transfers. Kirby Pugh, former WTSU varsity standout, unveiled his Frosh cagers and looks to have the nucleus for a fine freshmen team.  
The varsity performers looked impressive, led by returning starters Calvin Taylor and Gail Simpson. Taylor looks even better than in 1964 and in the scrimmage, dazzled the crowd by going high in the air for rebounds and by firing acrobatic passes.  
Simpson, the Herd basketball "quarterback" from Borger,

proved his basketball brilliance with wizardry passing and shooting. Simpson fired in 17 points while Taylor racked up 16 in the Hall of Fame affair.  
Mickey Fitts, a very important player if the Buffs are to have a good season, turned in a solid job of rebounding and shooting. Fitts, who never saw action in high school basketball, is rapidly improving and should take up some of the rebounding slack left by the loss of Pugh.  
Newcomer Bill Reeves of Raymondville turned in a sparkling performance at Pugh's old forward spot and stepped to the fore, in the competition for that spot. Reeves, a 6-4 junior college transfer, appears to be a solid rebounder and good shooter. The open forward spot is the biggest hole the Herd must fill, if they are to remain above water in the rugged 23-game schedule, which begins Dec. 4 against Abilene Christian College.  
Competition is also shaping up at a guard spot between returning letterman Joe "Pogo" McWilliams and transfer Rodney Teague of Floydada and Levelland Junior College. Williams, a favorite with Buffalo basketball fans because of his size and great moves, performed his usual passing abilities with uncanny plays. Teague is also a fine ball handler and a big threat, as a shooter from the outside.  
Top freshmen performers were 6-4 Gary Sikes of Pampa, who scored 17 points, and speedster Valton Franklin. Other Frosh standouts included Jerry Cooper of Borger, Jim Glenn of Canyon and Mike Mitchell of Roswell.  
WTSU opens up with a three game homestand early in December before hitting the road for a pair of battles against North Texas State and Tulsa.

**T**hanks be to God Who gives us life,  
Homes warm with love, and friends who care;  
A country beautiful and blest,  
Now rich with harvest everywhere.  
Keep us, dear Lord, and those we love  
Safe under peaceful skies, we pray.  
Guard all those rights we hold so dear—  
In freedom's name to go or stay,  
Voice our opinions without fear,  
In our own ways to worship Thee!  
Now as we lift our hearts in praise  
God help us share abundantly!

## Death Takes Capt. Hood

Funeral services for a former Canyon resident were held Wednesday in San Antonio.

Army Captain Robert E. Hood, 29 years old, a graduate of Canyon High School and West Texas State University died Monday in Brooke Army Medical Center at Fort Sam Houston following a long illness.

The captain attended Borger schools and was graduated from Canyon High School. He received a degree from West Texas State in 1957 and was commissioned into the army.

He served in the military intelligence division at a number of bases in the US and for more than three years in Germany.

Prior to his illness he was stationed in Honolulu Hawaii. During his college career he served as president of the student body at WTSU in 1956 and was a member of Tri Tau fraternity.

He was a member of the college ROTC corps of cadets and was graduated as a Distinguished Military Student, highest among academic honors for the corps.

In 1957 Capt. Hood married the former Patricia Vandergriff of Canyon. Mrs. Hood and the couple's two children will make their home at 107 W. Covington Dr., Austin, Texas.

The captain was the son of H. M. Hood, Borger, and Mrs. Harold Perkins of Phillipsburg, Kans.

His father had served as one-time county judge, as justice of the peace and as the presiding judge in the Hutchinson County Court of Domestic Relations.

He was well known in this area as a child and during his teen years.

Other survivors are brothers, Jack Hood of Borger; Steve Hood of Amarillo and a sister, Mrs. Connie Hood Rattan, Irving. An older brother, H. M. Hood Jr., was a casualty of World War II.

A WT security officer heard the student car "dig out" and gave chase down the loop at the south edge of the campus and then out onto Palo Duro Road.  
The student car left the security vehicle far behind.  
Conoley took up the chase. The police car was wrecked when it hit a dead end at a junction with FM Road 1541, South Washington. The car did not overturn. Officers, alerted by radio, converged on the scene.  
The students returned to the scene and were arrested. Officers said charges would be filed but Wednesday morning were pending further investigation.  
Damage to the police car was extensive.

Coach Tom Buchanan has about 34 boys out for basketball in his first year as coach at CHS. Three starters return from last season's team plus another boy who saw limited duty with the A-team.  
"We feel that we have good size and quite a bit of experience," said Coach Buchanan last Tuesday.  
Returning performers are Ricky Bacon, Dennis Haley, Joe Moore and Tom Lair. Bacon is a center standing over 6-5, Moore a 6-3 guard or forward, Lair a 6-foot guard and Haley a 6-3 forward. CHS competes in district 1-AAA and many of the footballers who saw action during the pigskin season have just come out for basketball.  
Coach Buchanan also has an 11-game schedule set for the B-team, as soon as the 34 players are divided into A and B teams.  
The girls had a game scheduled against Friona on Nov. 16 but that was canceled when Friona won the district football championship. Three starters return for Coach Royce Elam's girls team which fashioned a 12-9 record in 1964. Big seasons are expected from returning performers Sally Swartzell and Linda Clark at forwards, along with guards Linda Gill and Becky Price.  
A squad of 34 is going out for basketball and the number will later be divided into A and B teams.

The CARAVAN arrived late Saturday afternoon and featured the Serendipity Singers, nine-member vocal group. Other entertainers were British comedy team Tony Hendra and Nic Ullett and jazz pianist Earl "Fatha" Hines.  
The performers were given a reception in the formal lounge of the Student Union Building and later taken to dinner by Union Board members. The group had played in Southern Methodist University coliseum the night before, where they had been faced with difficulties arising after their equipment truck turned over enroute to Dallas.  
Equipment proved in sound shape for the performance here, however, to provide a smooth and polished setting for the entertaining troupe.  
As bleachers in the Field House began to fill up, students were asked to sit on the floor of the gymnasium and, as they hesitated, the Singers ran out to sit down in front and draw a crowd onto the gym floor.  
First on stage were Hendra and Ullett, providing a variety of highly original routines ranging from a review of pilot techniques on various foreign airlines to a "death song to end all death songs," a spoof of crash songs with comically melodramatic lyrics and enlivened with sound effects.  
Hendra and Ullett have, since coming to the United States, played night clubs throughout the nation, as well as various television shows. Their first venture away from the more intimate shows has been highly successful, and their comedy has proven just as effective before larger audiences.  
Following the British duo was jazz great Earl "Fatha" Hines. He presented a set of popular standards effortlessly and with as much enjoyment by himself as by the audience.  
Numbers included "Misty," "Canadian Sunset," the jazz classic "Satin Doll," "Bluesette," and "Girl from Ipanema." Hines dedicated "Sweet Lorraine" to the late Nat "King" Cole, and also featured "St. Louis Blues."  
Hines, ranked second among jazz pianists in the International Jazz Critics' Poll, will soon be playing a solo European tour.  
Second half of the program belonged to the Serendipity Singers -- and so did the audience. The Serendipities mixed comedy sketches with dramatically lighted performances of ballads to give the fans more than their money's worth.  
One of the most effective numbers was "Born Free," title song of an as yet unreleased movie, for which the group recorded the sound track. A strongly melodious ballad, it moved well but received a gentle treatment by the nine vocalists.  
Accent is on fun with the wholesome young Singers, and laughs came fast with a sketch commenting lightly on the Supreme Court ruling on prayer in schools. A series of black-

Other highlights of the concert were "Boots and Stetsons," leader Bryan Sennett's "Sinner Man," a spirited rendition of "The New Frankie and Johnny Song," complete with silent-movie days action, and a beautiful arrangement of the Lennon-McCartney song, "And I Love Her." A brief sketch kidded "ethnic" folk-song collectors.  
Crowd was enthusiastic in its response throughout and gave the Singers a well-earned standing ovation at the end.

## Writers Praise Local Features

BY LINDA LOVE

"I would like most to return and spend some time at Big Bend National Park or Palo Duro Canyon in late summer, fall or spring," wrote Tom Freil in "Motor News," publication of the Automobile Club of Michigan.

Freil was among some 32 travel writers who participated in the Autumn Travel Writers' Tour of Texas, 1964, and their published impressions and comments have been gathered and published in one book by the Texas Tourist Development Agency, which sponsored the tour.

"If Michigan contained a canyon 120 miles long, 1200 feet deep and endowed with more colors than a rainbow, it probably would be the state's foremost scenic attraction," said Freil in one of his articles.

He went on to describe the "not to be missed" Pioneer Amphitheatre, saying that a "production in this place is a new kind of sound experience... Watching a play here is an emotional experience which is unique."

Three foreign countries (Germany, Italy and Japan), 17 national publications and 10 Texas publications were represented on the tour, which resulted in articles by the travel editors praising Palo Duro Canyon, the amphitheatre and Panhandle - Plains Historical Museum as some of the highlights of their two-week journey through Texas.

In a January 10 article in the Des Moines Sunday Register titled "In Texas Panhandle A Canyon," Charlotte Brunk praised the Panhandle-Plains Historical Museum in particular for its outstanding gun display and other notable features. It is "a place to while away many fascinating hours," she commented.

The tour introduced the writers to more than scenes and points of cultural interest, however.

On his return to Oakland, California, Mort Cathro wrote in the November 29, 1964, issue of the Oakland Tribune, "I saw some of the West's most spectacular scenery and met some of its most hospitable folks."

In his various articles Cathro described Palo Duro Canyon at great length, including mention of "delightful spots among the cottonwoods, twisted juniper and lacy mesquite trees."

"Next summer (the tourist) can sit under the stars at the canyon's brand new amphitheatre and watch America's first sound-and-light production, patterned after the highly successful night shows for tourists in France, Italy, and

Greece." Cathro went on to tell about the museum as well, noting it as the "greatest body of source material on ranching in the world," and he termed the canyon and theatre "the haunt of the adventuresome tourist looking for a passageway to the past." This latter was in a special article this past August, entitled "Hi-Fi Under the Texas Sky."

The tour was an effort on the part of the state tourist agency to publicize various Texas attractions, most of which, like the canyon, have remained secrets to the rest of the nation -- and to many Texans as well. Popular Photography Magazine writer Les Barry agreed with this idea.

Speaking of West Texas, he said, "The area has unique attractions to offer. It should exploit them judiciously... Greater and wider-reaching promotion should be given to individual tourist attractions in the area."

Many of these attractions are of a cultural nature, explained Jean Wysatta in "Culture Comes to Texas Panhandle," a December, 1964, article in the Fort Worth Press. She lists as outstanding cultural offerings the efforts of the Texas Panhandle Heritage Foundation, recent action on the Alibates Flint Quarries, and the Panhandle-Plains museum and its proposed addition. The Texas travel editor termed the canyon the "real showplace of the Texas Panhandle."

Another "outstanding" claim came from the past president of the Society of American Travel Writers. He was quoted by Charles C. Phillips of the Shreveport Journal as recognizing the museum as "one of the greatest museums in the United States."

Notable articles on Canyon attractions have been featured in the October issue of Redbook magazine, by Florence Summers; a June New York Times description of the amphitheatre, "Wild West Son-Et-Lumiere," by Florence Lemkowitz; and publications as widespread as the Chicago Tribune, Baltimore News - American, Hartford (Connecticut) Times, Cincinnati Enquirer, and Wichita Eagle and Beacon Magazine.

Such loans may be made only to persons who are unable to obtain needed financing from banks or other sources. SBA may lend up to \$25,000 for as long as 15 years at interest rates running from 4 to 5 1/2 percent, depending upon the area.

Lack of collateral is not a barrier to obtaining such a loan. Vineyard will serve the Small Business Development Center as executive director. He said SBDC will involve no expense for the county. Vineyard's salary will be paid by the federal government.

Commissioners heard a report from Mrs. T. B. McCarter, chairman of the Randall County Historical Society Survey Committee, on her recent trip to a state historical convention in Odessa.

She told the court that Randall was one of 12 counties in the state that received a distinguished service award for achievement in the past year.

Xerox Company was awarded a contract for 76 rolls of photostat paper to be used in the county clerk's office. The bid was \$2898.64. Xerox also will supply chemicals needed in connection with photostating documents in the clerk's office.

The court reached a decision to award a bid for a new truck for precinct 2 to Jess Ford Company. Bids had been opened at a previous meeting and action deferred.

Elliott Office Machines, with a bid of \$205, was low bidder

on an adding machine for the county tax office.

Texas Education Agency has notified the county that \$2,000 in the county's available school fund must be invested in bonds specified by statute and may not be placed at interest on time deposit.

Members of the court conferred with Sheriff L. S. Johnston on reports that there are leaks in the roof of the court house. Johnston is court house custodian.

The court discussed a request for a salary by Canyon Police Chief L. D. Caldwell who is acting as Randall County juvenile probation officer. No decision was reached.

Commissioners voted unanimously to endorse a Santa Fe Railway application to purchase a portion of the Rock Island Railroad. Decision on this matter was delayed a week in order that any opposition might be heard. No opposition materialized.

Commissioner Clarence Beckman reported that the Santa Fe has begun construction on a warning signal at the Farm To Market Road Crossing south of Canyon High School. Beckman, in whose precinct the crossing is located, has been seeking to have such a warning system installed. He has commented that a hazard has existed at the crossing. Cost will be shared by Santa Fe and the county.

Migratory water fowl are late in arriving at the Buffalo Lake Wild Life Refuge this year according to Ronald Perry, assistant refuge manager.

He said there are about 10,000 ducks at the refuge right now and the goose population is far below normal. He said he expects an in-flocking of water fowl with the first real cold weather.

Goose season opened Oct. 30 and will continue through Jan. 12. Bag limit is two Canada Geese per day with a total of five geese of all breeds.

Duck season opened Nov. 24 and continues through Jan. 2. Limit per day is four total with no more than one mallard or one pintail.

The refuge winter browse area of 220 acres remained too wet for planting all summer so migratory fowl spending the winter at the refuge will have to range elsewhere for food this year.

Perry said the water level is high at Buffalo Lake but fishing has been poor. He said some crappie have been taken recently but bass fishing was poor all year.

Perry blamed increase in weed fish for poor fishing conditions at the lake.

## Chorale Begins Annual Fall Concerts Monday

University Chorale, select vocal group of West Texas State University, will leave Monday on its annual fall concert tour.

The concerts will feature works of Chorale director Dr. Houston Bright, WT composer-in-residence celebrating his silver anniversary here this year.

The 44-voice specialty choral group will open Monday in Dumas and Dalhart performances, then continue to appear twice daily through December 3. These remaining concerts will be in the Panhandle area high schools of Guymon, Oklahoma, Perryton, Spearman, Stinnett, Borger, Phillips, Pampa and White Deer.

A special performance will close the tour as the group presents a concert in the Fine Arts Building auditorium here December 5. The Chorale is accompanied by the 12-member Brass and Percussion Company.

Among the Bright composi-

tions sung will be his two most recent works. One is a Christmas madrigal, "Today Is Born the King of Heaven." The second is a novelty number, "Jabberwocky," based on the famous "Through the Looking Glass"

of Lewis Carroll. This latter number is scored especially for mixed chorus and brass and percussion backing.

Featuring of Bright's compositions in the tour is only part of a special year-long tri-

### Fun 'n' Folk

BY LINDA LOVE

Stories are still coming from the big New England blackout, and it seems the event provided its own comment on "real" entertainment as opposed to some of the more mechanized or souped up varieties.

Most clubs were forced to close when the blackout came and all the mikes and such went out, but veteran singer Jane Morgan, appearing before a convention at the time, went right ahead and provided quite a vocal performance, without the mike.

In Radio City Music Hall, when the movie couldn't be shown, 3500 ticket holders were stranded. Enough auxiliary power was available for an impromptu live production, and 1500 persons stayed for a Music Hall production emceed by the sound engineer and featuring singing debuts by a stagehand and a Rockette. The orchestra conductor and the organist band joined in with such attractions as trumpet and clarinet solos.

Meanwhile, the essentials of life were not lacking. In the eleventh floor Paramount offices in New York, lunch orders were lowered out the window to the ground and food sent back up, while at the subways Volkswagens were parked near entrances so their headlights would illumine those who wished to play cards.

Found an old collection of Will Rogers quotes the other day, and I think they get more interesting as time passes. Said the humorist: "Germany was willing to treat for peace as long as Russia did all the treating. . . One thing we got to be thankful for our Soldiers can win wars faster than our Diplomats can talk us into them."

A comment on party politics was also humorous, if true: "A Guy raised in a straight jacket is a Corkscrew compared to a thick headed Party Politician. All you would have to do to make some men Atheists is just to tell them the Lord belonged to the opposition Political Party. After that they could never see any good in him."

What a wonderful winter we're having! This is just about as cold as I can take it. I've seen quite a few nice crops of roses and various flowers blooming away. But my favorites are the little irises who are standing around looking for signs of spring. Happy Thanksgiving!

Group conferences will consist of a fifteen minute lecture, and another fifteen minutes of questions and discussion. There will be five to ten minute breaks between conferences.

## Thanksgiving Service Held

Approximately 300 persons attended the annual community Thanksgiving service Tuesday night in the Canyon High School auditorium.

Father George Sallaway of St. Ann's Catholic Church was speaker for the program, presented by Canyon ministers.

Special music for the occasion was provided by Canyon High School Mixed Choir, under direction of Gene Murray. Included in their numbers was "O Clap Your Hands," and the choir was accompanied by a brass and percussion ensemble directed by Gary Zook.

Thanksgiving is "a positive Day... of faith and dedication," said Father Sallaway in his address "Thanksgiving in a Time of Change." It is a day when we do more than protest, he affirmed.

He praised the recognition of Thanksgiving in a community meeting as being "part of the genius of America that we should express this together," saying that "when it is the devotion of a people, the homage of a nation, it must find some way of becoming a shared public act of recollection and worship."

Father Sallaway reviewed the Thanksgiving tradition, commenting that the Pilgrims were heroically stout-hearted but hardly blessed in 1621.

"Not because of our personal benefits and goods received," he continued, "but because God Himself is great and good, we give thanksgiving... So proclaims the ancient Christian prayer we share: 'We give You thanks for Your great glory!'"

**Jaycee-Ettes Make Favors**

Canyon Jaycee-Ettes made Thanksgiving hospital favors for patients at Neblett Hospital and Clinic featuring a Pilgrim lady and gentleman.

Tray favors will be distributed by nurses at the hospital on patients' Thanksgiving trays according to Evelyn Loven, cook.

The women's civic club makes hospital favors quarterly at Thanksgiving, Christmas, Easter and the Fourth of July.

Chairman of the project this holiday was Mrs. Wayne Edmondson. Committee members were Mrs. Weyman Brown and Mrs. Jimmy Scott.

The Jaycee-Ettes also presented several baskets of food to a needy family in Canyon Tuesday afternoon.

The bride is the daughter of Mr. and Mrs. Ray D. Wicker of Amarillo, and the bridegroom's mother is Mrs. Lucille Smyrl of Canyon.

Cathedral tushers with white tapers flanked the altar as the bride was given in marriage by her father. Her formal wedding gown of silk peau de soie was styled with a fitted bodice and scalloped sabrina neckline applique with re-embroidered alencon lace. The bodice featured long tapered sleeves. The controlled skirt was trimmed with alencon lace and finished with a bow in the back.

Her shoulder length veil was

attached to a band of white satin finished with a tailored bow and lace flowers.

Mrs. Joe Bartolino, sister of the bride, served as matron of honor. She wore a floor length chanel pink crepe dress featuring empire styling. The bouquet was an empire arrangement of pink chrysanthemums.

For a wedding trip to Spavinaw, Oklahoma, the bride travelled in a brown velvet dress with matching coat trimmed in Alaskan fox fur.

After December 10, the couple will make their home in San Diego, California.

A graduate of Tascosa High School, the bride has been employed by U. S. Federal Employees Credit Union. She is a member of Tau Phi Lambda.

## Ceremonies Unite Miss Aaron-White

First Methodist Church in Wellington was the setting for the recent wedding of Miss Mary Beth Aaron and James Lee White on Saturday evening, November 13.

The bride is the daughter of Mrs. J. D. Aaron of Canyon and the late Mr. Aaron. Mr. and Mrs. Fletcher Lee White, Jr., of Wellington are parents of the bridegroom. Both the bride and bridegroom are former residents of Wellington.

Rev. Davis B. Edens of Denver City performed the double ring ceremony. A pedestal basket of white chrysanthemums and a pair of spiral candelabra were at the center of the church decorations. At either side were a seven-branched candelabrum and another pedestal basket of white chrysanthemums.

Wedding music was presented by Miss Vicki Glenn, organist, and Miss Karen Richardson, vocalist.

Calvin K. Aaron of Amarillo gave his sister in marriage.

The bride's wedding gown was of peau de soie in an empire design. The scooped neckline was accented with reembroidered Alencon lace motifs and bridal pearls and the long sleeves, also of lace, were pointed above the wrists. A lace panel was at the front of the sheath skirt, which swept to a chapel train. Her headpiece was a queen's crown of pearls and crystals and held her elbow length veil. She carried a crescent bouquet of orchids and Frenched chrysanthemums.

Mrs. Sam Eudy of Denver City, sister of the bride, was the matron of honor, and the bridesmaids were Miss Donna Allred of Lubbock, Miss Joyce Yoast and Miss Gayle Gladman of Canyon.

## COOK OF THE WEEK Shares Pie, Cake Treats

BY LORENA MILLER

Mrs. Wayne Hilton, mother of three, shares recipes for Jubilee Cheese Pie and Devil's Food Cake with our readers this week.

Mrs. Hilton, the former Martha Deaver, is the daughter of Mr. and Mrs. O. B. Deaver of Glenrose. Her father is associated with Phillips Petroleum Company, and the family lived in several Texas towns during Mrs. Hilton's youth.

The Deavers also have two sons, Jerry of Andrews, and Randy of Houston. Both are employed with Phillips Petroleum.

Wayne and Martha were married April, 1947, in Jacksboro, where he was associated with a Butane Gas Company. The couple has only lived in Canyon three years.

Hilton is business manager of the Canyon Credit Union and is a member of the Canyon Kiwanis Club.

"Wayne likes all types of sports, and we attended nearly all of the football games this season," commented Mrs. Hilton.

"I like to knit and read when I find time, but this house is sort of like Grand Central when

the kids are home and have their friends over," said Mrs. Hilton.

The couple's oldest child is Steve. Steve is a junior at Canyon High School and is especially interested in drama and music. He also sings in the choir at the First Methodist Church.

"Keeping up with her studies and getting adjusted to high school life is a full time job for Sue," commented Mrs. Hilton. Sue is a sophomore at Canyon High School.

Bryan, the youngest, is in the second grade and "just loves school," according to his mother.

The Hiltons are members of the First Methodist Church, where Mrs. Hilton teaches a fourth grade Sunday School class. Both Mr. and Mrs. Hilton are members of the church's official board, and he also serves as chairman of the finance committee.

"Desserts are a big thing at our house," said Mrs. Hilton. "If we have a dessert the meal is complete."

Her recipes follow:

**JUBILEE CHEESE PIE**  
Heat over to 425 degrees. Place one can of cherry pie mix in unbaked 9-inch pie shell.

Bake for 15 minutes. Reduce heat to 350 degrees.

Remove pie from oven and spread with a cream mixture of: 1 (8 oz.) pkg. soft cream cheese 2 eggs

1/2 cup sugar

1/2 tsp. vanilla.

Return to oven and bake for 30 minutes. Allow to cool and spread with one cup of sour cream. Sprinkle top with nutmeg.

**DEVIL'S FOOD CAKE**

1/2 cup cocoa

1 cup boiling water

Mix and let stand while mixing remainder of cake:

1/2 cup butter or shortening

2 cups sugar

2 eggs, beaten

1 tsp. soda dissolved in 1/2 cup buttermilk

2 cups flour

1/2 tsp. salt

1 tsp. vanilla

Add cocoa mixture to cake batter and mix well. Bake at 350 degrees for 35-40 minutes. Frost with a powdered sugar icing or fudge icing.

"We like a powdered sugar icing made with coffee to resemble mocha," commented Mrs. Hilton.

## Christmas Ideas For Homemakers

Mrs. Sternberg demonstrated Christmas decorations using cone shaped ball screen and styrofoam cones decorated with red satin bows and holly, or pine cones with velvet ribbon.

Also displayed were miniature Christmas trees made of tiny pine cones and a gold-sprayed pine cone tree. Popcorn balls were used to form a Christmas tree and ball screen formed the background for a table centerpiece and wreath arrangement.

Mrs. Sternberg showed a series of felt Christmas trees to be used to display cards and other holiday decorations. Candles were used as the focal point of several table arrangements.

Those attending the program were Mesdames Billy Bible, Leroy Bauer, Cecil Winn, Ben Abbott, Rodney Myrick, and Clara B. Long, sponsor.

## Thanksgiving Festivities Center In Granny's Kitchen

BY LORENA MILLER

Dressing. Gibley gravy. Cranberry sauce. Pumpkin pie. Baked goodies from Grandmother's kitchen will lend an aroma and atmosphere to the traditional gathering of relatives and friends on Thanksgiving Day.

Mrs. L. C. Ruthart, like many grandmothers across the Panhandle, has spent several days this week preparing for her offspring and their children to return home for the Thanksgiving feast at Grandmother's.

Mrs. Ruthart, 70, is the mother of ten children, and has 27 grandchildren and 20 great grandchildren. A majority of the group will be at the Ruthart home for the Thanksgiving meal.

"We are used to crowds, though," commented Mrs. Ruthart. "It has always been a hustle-bustle affair around our house with the children and their friends."

"Some of the children from far-away will be home for the week end before Thanksgiving and will stay on through the holiday," said Mrs. Ruthart with a smile.

"We usually get together at least twice a year, at Mother's Day and Christmas, and then all that can make it will be here for Thanksgiving," Mrs. Ruthart stated.

"You have to start baking early to feed our bunch," she smiled. "I'll bake Friday for the ones who will be here during the week end and then start in again about Tuesday for the Thanksgiving desserts."

"Of course the daughters and daughters-in-law who live here close will furnish several dishes for the Thanksgiving meal," said Mrs. Ruthart. "But we'll have a few last-minute items to fix, and the kitchen will be full of daughters, daughters-in-law, and grandchildren."

"We will have a big turkey with dressing, gibley gravy, cranberry sauce and probably all sorts of salads and vegetables. For dessert we'll have about a half dozen pumpkin pies and a lot of cake," said Mrs. Ruthart.

"Now the fun part comes in when it is time to wash the dishes. That is when I like to disappear," laughed the gray-haired grandmother.

"When all of the children are home we have quite a time trying to fix beds for them," said Mrs. Ruthart, "but the children here in Canyon always take a family, so it isn't too bad."

"Although it may have taken several days to prepare, we thank the Lord for our blessings, and then the food begins

to disappear in a hurry," she said.

Reared in Oklahoma, Mrs. Ruthart and her husband, L. C., were married on January 9, 1911, in Leedy, Oklahoma. The couple moved to the Texas Plains in 1926 and settled on the Axtell Ranch southeast of Canyon.

Farming has been the lifetime work of Mr. Ruthart, who is 78 years old. From 1934-37 the family moved to East Texas, then returned to their homestead near Canyon.

In 1940 the Rutharts moved into Canyon and settled at 611 Eighth Avenue. The home in Canyon burned to the ground in February, 1962, and the elderly couple set about rebuilding their present home on the same site.

The three-bedroom home is ample for the retired couple, who entertain some of their children almost every week end.

"Seven was the largest number of children that we had living at home at any one time," related Mrs. Ruthart. "The oldest three were married when Arlen, the youngest was born."

"The children attended a little country school, and we took them by buggy until we bought a car," Mrs. Ruthart said. "I used to fix seven lunches every morning for them to take to school."

"I nearly had a day's work done by the time I got the children off to school, because hot lunches were unheard of in those

days," she smiled.

"And then living on a farm, we usually didn't get the chores done and supper fixed until pretty late at night," commented Mrs. Ruthart. "A farmer's hours are early rising and late getting done."

"We don't have any complaints, though," said the grandmother with a wistful look. "Just thankful that all of our children turned out so fine and will be able to be here for the holidays."

The couple's children include Ralph, who lives in Canyon; Manuel, of Groom; Madison, of Ordway, Colorado; Gordon, of White Deer; Laveta Howard of Houston; Sanford, of Seminole; Crawford, of Canyon; Pollie Lindley of Canyon; Donnell, of Amarillo; and Arlen, of Plainview.

Pollie and Arlen both graduated from Canyon High School, and Arlen received a degree in business from West Texas State University.

The Rutharts are members of the Calvary Baptist Church, and Mrs. Ruthart is a former Sunday School teacher. She also likes to crochet and has recently completed a varicolored bedspread of wool yarn.

"We had three of our boys in the service at one time and all came home safely, so we are thankful for the opportunity to get together whenever we can," smiled the grandmother in conclusion.

THANKSGIVING HOLIDAY will center around the kitchen table at grandmothers' homes across the Panhandle. Mrs. L. C. Ruthart, 70, mother of ten, expects a large number of her children and grandchildren to spend the holidays together in Canyon. Mrs. Ruthart, also grandmother of 27 and great-grandmother of 20, has spent a majority of the week in preparation for the big feast. She is shown crocheting beneath a "family tree" which hangs in the living room of their home at 611 Eighth Avenue.

Towering Turnip

FIVE-POUND turnip looms over its usually larger cousin, the grapefruit. The turnip is among many extremely large ones grown this year by W. H. Haley, and was brought to The Canyon News by Wiley James.

Jolly Hobby Makes Plaques

Jolly Hobby Sewing Club met with Mrs. G. A. Stucker recently to make wall plaques from burned kitchen matches and glitter.

Mrs. Stucker exhibited various items to be made for Christmas. Members decided to make felt door knockers with bells, and tree decorations from nylon net and peppermint candy.

Club member Mrs. Jay Cooper was given a diaper bag by members as a baby shower present.

Refreshments of coffee, lemonade and cup cakes decorated with stork-shaped safety-pins and gum drops were served to thirteen members, including Mesdames Floyd Thomas, Kenneth Tillman, C. L. Shields, Elvis Tyler, Ron Marlow, Eugene Anderson, Mike Michonski, George Hayes, Norman Adams, Harold Ricketts, Bob Costley, Jay Cooper, and Mrs. G. A. Stucker, hostess.

Next regular meeting will be in the Bob Costley home at 9 a. m. December 2.

Visiting with Mrs. R. A. Henson and Mrs. Myrtle Wester at La Casa Canyon recently were Mr. and Mrs. W. H. Harden, Mrs. J. L. Matthews, Mr. and Mrs. L. S. Cosby, Mr. and Mrs. S. L. Terry, Mrs. W. T. Davis and Mrs. A. B. Russell.

Holiday Deliveries Need Early Mailing

Christmas holiday mail brings an increase in the packages and letters handled by local postal employees, and residents should observe early mail deadlines for their holiday greetings to reach their destinations by Christmas.

Parcels being sent overseas should be mailed air mail between December 1-10, and greeting cards for Armed Forces overseas should also be mailed during this period.

Term "Armed Forces overseas" includes personnel of the Armed Forces, members of their families and authorized U. S. civilians employed overseas who receive their mail through an APO in the United States.

Gift parcels for distant states should be mailed before December 5 to insure delivery before Christmas.

Parcels being mailed to local and nearby areas should be in the mails by December 14. Name and address of both sender and addressee should be placed in each gift parcel to permit identity in case of damage or loss of the outside address label.

Greeting cards for distant states should be mailed by December 10 and those for local delivery should be in the mails by December 15. Alaska and Hawaii mail should be enroute by November 30, with air mail to those points set at December 15 to insure early delivery.

Methodists To District

First Methodist Church of Canyon will participate in the Amarillo District Conference, to be held November 29 at White Deer.

Church officers and elected delegates will attend the conference with Rev. Newton Starnes, pastor.

COLD WEATHER DRIVING EXPERT PREPARES FOR WINTER.

Why more motorists switch to the Tiger when it gets cold.

Many cars that ran just fine all summer get into trouble when ear-muff time rolls around — stalling at stoplights and coughing and chugging halfway into town.

That's when a lot of people switch to the Tiger. Winter-formula Enco Extra gasoline is blended to match the weather conditions in your area — including a special

additive to help guard against icing. Result: easier starting, faster warm-up and a lot less worry about stalling.

You'll like the way new Enco Extra behaves on the open road, too. It's the High-energy gasoline with the: (1) cleaning power; (2) firing power; (3) octane power to help preserve the performance of new

cars and restore lost power and mileage to many older cars.

Switch to the Tiger and get that nice warm feeling. Happy Motoring!
